

U.S. EPA NEW ENGLAND CENTER FOR ENVIRONMENTAL INDUSTRY AND TECHNOLOGY
(CEIT)

February 12, 2004

Welcome to EnvirotechNews, a service provided by the Center for Environmental Industry and Technology (CEIT). Special issues of EnvirotechNews only contain Technology Opportunities.

TECHNOLOGY OPPORTUNITY The purpose of this section is to present technology opportunities in order to facilitate the connection between potential technology users and innovative technology developers. Recently, we received the following request for a Technology Connection from our web site. By passing this announcement on to you, EPA is merely facilitating a technology connection. We are not expressing an opinion on the validity of the question posed nor the effectiveness of the technology being sought.

Ref#2-12-04-1 **WANTED: TECHNOLOGIES FOR ELECTRICAL GRID IMPROVEMENT.** A European utility company is looking for patented technologies in any aspect of electrical grid improvement (distribution, management, storage, etc) client services; and renewable energies. This is a good opportunity for US companies to enter the European market. No start-up companies, but early stage with a revenue stream will be considered.

Please respond via email within 7 days to: R1-CEIT.ONE@epa.gov.

E-MAIL INSTRUCTIONS: 1. Reply to the email address within one week of this notice. 2. Subject - should contain the reference number listed before each opportunity. 3. Message - should contain the following:

1. Company name
2. Contact name
3. Address
4. Telephone
5. Fax
6. Email
7. Proposed Technology
8. Third Party Verification (ETV, MA-STEP, CA Certification, NJ CAT, etc.)
9. Brief description

Thank you,

Maggie Theroux
Director, CEIT
